

READY TO GET INVOLVED?

Are you interested in coming out for one of the many athletic teams CSN has to offer? If so, make sure you have all the required paperwork completed so you can participate on the first day of practice! The Florida High School Athletic Association requires that every student-athlete participating in athletics must have each of the following three items on file in the athletic office:

- ✓ Copy of a physical evaluation dated after April 1st, 2010 (EL2 Form)
- ✓ Completed Consent and Release Form (EL3 Form)
- ✓ Copy of the birth certificate

Student-athletes are not allowed to begin participating in athletics until all their paperwork has been turned in, so make sure your paperwork is complete and on file before the first day of participation!

Once you are ready to come out, check the CSN website for tryout/practice dates and times. Many Fall teams will be holding their first practice before school begins, so it is imperative to have all your paperwork ready early!

The following sports are offered in the Fall:

- Cross Country (grades 6-12)
- Girls Volleyball (grades 6-12)
- Golf (grades 6-12 Varsity Only)
- Swimming and Diving (grades 6-12)
- Football (grades 9-12)

And, as always, feel free to contact the athletic office if you have any questions!
