Requirements for Faculty Positions

Although we welcome inquiries throughout the year, typically instructional vacancies are identified in late winter and posted on this website. A few requisite qualifications for Faculty appointments:

- Teacher are required to hold at least a bachelor's degree from a regionally-accredited institution of higher learning with a majority of coursework in the subject they wish to teach.
- Transcripts from all degree programs will be requested as part of the hiring process.
- Previous teaching experience is expected, but can be supplemented by advanced degrees, overseas or college-level teaching experience. All applicable experience will need to be verifiable through the associated organizations.
- A demonstrated record of civic-mindedness, professionalism and integrity is essential. As such, CSN requires all employees including substitute teachers and coaches to undergo a thorough background check prior to employment. This background check is a criminal records check, in addition to reference and employment verification.
