

COMMUNITY SCHOOL  
of Naples

# Our Past. Our Present. Our Future.

## 1980's

For almost 35 years, Community School of Naples has been setting standards for academic excellence in Southwest Florida. Over the years the school has grown from a graduating class of 19 students in 1996 to our most recent graduating class of 2015, who go on to attend some of the most prestigious colleges and universities in the United States and the world. While our faces and facilities have changed over the years, our mission and goals have remained the same: to provide students with a broad range of personal opportunities within a caring and respectful environment. The school prepares students to become independent thinkers and lifelong learners who strive to realize their full potential.
