

ATHLETICS

Dear Parents & Students

June 1, 2019

Welcome to Community School of Naples (CSN) Athletic! What can you expect from our Athletic Program? Your student-athlete will pursue Academic and Athletic Excellence each day—we compete in nearly 485 athletic contests over the course of a 172-day school year. Earlier this month, we celebrated our Middle School (MS) athletic program which included honoring 69 MS students that earned either a JV or Varsity roster spot. Once again, we enjoyed an 80% athletic participation rate for Upper School (US) students on Junior Varsity and Varsity rosters and 72% MS students on a MS team. Here are some amazing results:

27 MS student-athletes played on 3 or more teams while maintaining above a 3.0 GPA!

37% of Seniors earned multiple Varsity letters during their career and a GPA of 3.75 or higher!

14% of Seniors will continue athletics at NCAA Universities and Colleges around the nation!

6% of Seniors take their talents to NCAA Division I Schools (Nat'l avg. is < 2% for NCAA Div I)!

Since 2015—CSN averaged 13% Student Athletes to NCAA Schools to play a sport!

Since 2016—CSN produced 9 Individual State Champions in Tennis, Track & Field & Swimming!

Since 2015—CSN produced 2 Winged Foot Award Winners for Collier County!

Since 2016—CSN produced 247 All-State or All-Area selectees & 4 All-Americans (Basketball / Lacrosse / Swimming)!

Since 2017—29 new school records were set in Track & Field and Swimming & Diving!

CSN Athletic department is committed to “Excellence” and believe leadership and character development are essential to success in life! Our aim is to match “Athletic Excellence with Academic Excellence” and “Forge global citizen leaders of tomorrow through rigorous athletic competition today.” Athletic competition hones leadership skills, tests character, and elevates confidence in our student-athletes while experiencing personal growth. Our coaches embrace the concept of winning with teamwork, leadership, respect, integrity and work ethic on and off the field. This past year—9 teams were District Champions or Runner-up, 8 teams went on to Region competition, 3 reached the Region Finals, 1 team earned a Region Championship and Girls Tennis was crowned State Runner-up! Individual successes mirrored our team honors as 6 student-athletes were won Naples Daily News “Prep Athlete of the Week.” 78 student-athletes earned All-Area honors and 6 new CSN records in Swimming & Diving and Track & Field were set! Lastly, Sebastian Douchis and Matt Ferrante were 1st ever Tennis State Champions, along with Mike Binkowski as US Lacrosse Gulf’s Academic All-American and Parker Weiss as Male Athlete of the Year in Southwest Florida.

The above mentioned results illustrate our commitment to faculty, parents and students and the true holistic value of athletics as it relates to higher education and success in life. Moving the needle with respect to college admissions and leveraging athletics to better balance our student resumes remains essential to CSN! All this success doesn’t happen without the dedication and support our student-athletes continue to receive from CSN Leadership, faculty, coaches, family and friends. Summer conditioning and team activities are a huge part of success, leadership and teambuilding at CSN. If you are a returning CSN student or new to our community—take some time and read through all our upcoming camps and start dates as we approach a new school year. Welcome to CSN and our proud heritage of “Excellence.”

Sincerely

Bart W. Weiss, Colonel (ret) USAF
Director of Athletic Operations
Community School of Naples

ATHLETICS

Lacrosse—Single Class, District 20: Barron Collier; Lely; and Naples. **District Tournament April 15 – 20, Girls Region April 25, 29, May 2, Boys Region April 26, 30, May 3**

Winged Foot Scholar Award: This award recognizes the top scholar athlete in Collier County. To qualify, one must be a Senior of high moral character, earn a Varsity letter in at least two FHSAA sanctioned sports, attain a cumulative GPA of at least a 3.0 and commit to a fully accredited junior college, college or university. Heavy emphasis is placed on academic and leadership achievements as well as athletic accomplishments. What is our process to identify this nominee at CSN? We have a panel of 6 to 8 faculty (school administrators, teachers, coaches) evaluate each candidate separately. If the evaluations result in a tie, then the top nominees are sent back to the panel for re-evaluation. In the event that we have a “to close to call” nominee situation, then Senior staff of CSN will come together to decide the nominee. To ensure transparency and fairness, hard copy packages are given to each panel member so there can be no electronic manipulation. Once a final decision is made, and the Head Master approves, and notification to all candidates in advance of a public announcement is made.

Triple Crown: Any CSN student-athlete that participates in 3 or more Varsity sports; earns a Varsity letter in each of those different sports all in one school year.

Scholar Athlete: Unweighted GPA of 3.75 and earn 2 Varsity letters.

Athletic participation is a privilege, not a right! Athletics enhance our students’ educational experience and uniquely align educational mission and goals of the school. Please note: If your daughter or son starts a sport and quits at any point during that season, then they cannot participate in the next sport season until their previous sport has ended. In addition, if your daughter or son quits or transfers prior to the completion of that sport—they will not receive credit in that sport. In all cases, please work with your specific sport Head Coach prior to any decisions.
